## TELEGRAPHIC. Beds

### HOT FROM THE WIRES

#### ROMAINE'S CONFESSION

Canadians are becoming more addicted to the tobacco and liquor habits

#### Bulletin Special Despatch.

Montreal, October 5.—Father La-combe has characterized the French Government as robbers, and their conduct towards the Catholic orders as outrageous.

Pekin, October 5.—The situation of the Canadian missionaries is not believed to be precarious.

Ottawa, October 5.—The inland Revenue annual report shows a great increase in tobacco and liquor consumption.

Topeka, Kan., October 5.—The authorities here do not believe the statement made by Robert Romaine that he is responsible for the Colorado outrages. He is serving an indeterminate sentence for robbery, and it is believed that his confession was made to evade punishment here by being taken to Colorado.

### IN THE ASSEMBLY

#### UNINTERESTING SESSION

Yesterday afternoon. The Strathcona Improvement Bill gets its Second Reading

Regina, October 4.—The session this afternoon was slow and uninteresting. The following bills were read a first time: To amend the municipal Ordinance; the ordinance respecting foreign companies; and the local improvement ordinance.

Eleven bills were given a second reading, they being for the most part private bills, and including the Alberta Club bill and the Strathcona Improvement bill.

### SPLENDID AWARDS

#### CAPTURED BY CANADA

At the World's Fair at St. Louis. Wins the highest agricultural award

#### Bulletin Special Despatch.

St. Louis, October 5.—Canada received the grand prize for agriculture the grand prize for the entire farming display, the gold medal for spring and fall wheat, and all the principal prizes for shorthorns and Ayrshires.

### FRANCE AND SPAIN

#### ENTER INTO A TREATY

Regarding the State of Morocco. All essential principles agreed on

#### Bulletin Special Despatch.

Paris, October 5.—The Foreign Office expects the signing of the treaty between France and Spain relative to Morocco within a few days. The essential principles are determined upon, and only the details remain to be adjusted.

### THE GUILT PLACED

#### IN CLALLAM DISASTER CASE

The Captain and Licensed Chief Engineer are adjudged guilty of gross negligence

#### Bulletin Special Despatch.

San Francisco, October 5.—The U. S. supervising inspector John Birmingham to-day approved the decision of local inspectors Byron, Whitney and Robt. Taray, of Seattle, in the case of the steamship Clallam which sunk between Port Townsend and Victoria last winter with great loss of life. Capt. George Robertson is adjudged guilty of gross negligence and his license suspended for twelve months, while the license of chief engineer Scott A. Delaune is revoked for gross negligence and incompetency. Investigation showed that her head light had been defective and that the engineer had not reported it for fear of being dismissed by the company.

Washington, October 5.—Henry O. Payne, postmaster-general of the U. S. and a member of the National Republican Committee, died last night aged 60 years.

#### WILL VISIT TORONTO

##### Bulletin Special Despatch.

Ottawa, October 5.—An official notice has been given out from the Government house that Lord and Lady Minto will spend the 10th, 11th, and 12th of November in Toronto, before going to England.

### A. B. AYLESWORTH

#### HAS JOINED THE CABINET

Of Sir Wilfrid Laurier. His seat not yet selected. Harty nominated in Kingston

#### Bulletin Special Despatch.

Toronto, October 5.—A. B. Aylesworth will join the Government as Minister without portfolio. It is not decided where he will run.

Harty has been nominated for Kingston.

### INCIDENT CLOSED

#### MASSACHUSETTS AUTHORITIES

Remitted the fine and apologized to the Secretary of the British Embassy whom they had arrested

#### Bulletin Special Despatch.

Washington, October 5.—One of the first results of the return of Secretary Hay to Washington was the closing of the incident growing out of the arrest of Secretary Guernsey, British embassy at Lee, Mass. The secretary concluded that entirely too much importance had been given the matter and Sir Mortimer Durand, British ambassador, coincided with this view and let the Department know that the action of the Massachusetts authorities in remitting the fine and extending an apology was entirely satisfactory to him. The subject was dropped.

## FISHING IN THE NORTH

The British American Fish Company have secured fishing privileges in Lesser Slave Lake and in Lake Athabasca. They will not operate the lease themselves, this being undertaken by the Athabasca Fish Company, a strong and influential company, of which J. K. McKenzie, of Selkirk, is the President. The representative of this company, N. C. Butterfield arrived in the city Monday evening on his way to Lesser Slave Lake.

Mr. Butterfield was in Edmonton last summer, proceeding to Lesser Slave Lake on August 1. His mission was to make a thorough test of Lesser Slave Lake. He fished with nets all around the shores, the test proving most satisfactory. White fish, trout and pickerel were found in abundance. A very pleasing feature of the test was the almost entire absence of worthless fish which often fill up the nets and as they have no marketable value are worse than useless, interfering as they do in the catching of the valuable varieties. Some suckers were found in the nets, but not in any large quantities. The winter fishing operations in Lake Winnipeg are very similar to those which will be carried on in Lesser Slave Lake. However, in Winnipeg Lake the industry is greatly inconvenienced by the presence in the lake of numerous fish very similar to the choice whitefish, but which are worse than useless as a marketable variety. These are often found in lakes which are the home of the whitefish. But Mr. Butterfield did not find a single fish of this variety in Lesser Slave Lake. Having completed his test operations Mr. Butterfield returned to Edmonton early in September and immediately proceeded to Winnipeg and Eastern points to lay before the members of the company the results of his findings. It was decided to commence operations this winter, and as a result Mr. Butterfield is now in Ed-

mon. Arthur Dee, of Selkirk will arrive in the city in a few days from Selkirk, with eight or ten experienced Lake Winnipeg fishermen. A large quantity of nets have been shipped from Winnipeg, and all other supplies for the company's operations will be purchased from Edmonton merchants. This winter about thirty men will be actively employed at the lake year by year the company will greatly extend their operations. Large quantities of supplies and provisions, as well as stones, axes, and other tools, will be purchased here. It is estimated that over fifty thousand dollars will be expended in Edmonton in connection with the company's operations this coming winter. All monies will be paid here, and Edmonton will be their headquarters.

The company expect to take out and ship from Edmonton over fifty car loads of fish—whitefish, trout and pickerel—to St. Paul, Chicago, Toronto and other Canadian and United States cities. These will be freighted from Lesser Slave Lake to Edmonton, and all supplies and provisions will be teamed in. This will entail considerable freighting which will be contracted for and the money paid out in Edmonton. The fish will be put in boxes at the Lake and these boxes will have to be procured in this city. There will be a large increasing demand for them. A Rat Portage mill does an exceedingly large trade in these fish boxes for use in Lake Winnipeg fishing operations, but it would be cheaper for the company, and a good thing for the town, to have them manufactured here.

Mr. Butterfield and Mr. Dee and party will proceed to the lake in about a week, and as soon as active operations have commenced Mr. Archibald will return to the city to attend to the shipping of the fish. He will take up his home in Edmonton, his wife and family to come here from Sault Ste. Marie. Mr. Dee will attend to the fishing operations

at the lake, which of course will only be conducted during the winter months. The first shipment of fish are expected to arrive in the city the middle of January, and shipments be continued from then on until the warm weather comes in the spring. Nothing less than carload lots will be shipped from Edmonton.

Continued on page three.

## Curling Club

The Semi-Annual meeting of the Curling Club will be held on Wednesday evening

October 5th,

At 8 o'clock at the Rink. All members are requested to be present. Important business in connection with the club will be dealt with

W. RAMSAY, Sec. Treas.

## AS TO PROTECTIVE DUTIES

At a recent political rally in Orillia, Ontario, at which W. L. Borden, leader of the opposition, was the chief speaker, W. H. Bennett, M. P. for East Simcoe in which Orillia is situated, made the opening speech. The constituency is a lumbering one and Orillia's chief dependence is the lumber industry. During the course of his remarks Mr. Bennett bemoaned the condition of the North-West farmer because the duties on agricultural implements had not been reduced by the present government; then still more forcibly bemoaned the condition of the East Simcoe lumberer and shanty men because the government had not increased the duty on lumber. Shanty men were getting \$25 a month for the coming winter, instead of \$35 as last winter. "And yet," he said, "the government stood by, suicidal and refused to do anything in the way of a timber duty." Mr. Bennett further said:

"I am here to tell you every time the Liberal Government at Ottawa advanced, as they have, but not so much as we wished they should have, in a protective direction, no opposition emanated from me, but I raised both hands in support of the proposition in that regard. (Applause.) But they have not gone far enough."

The way to get protective duties increased is very evidently to place Mr. Bennett and his friends in power and to prevent them from being increased they must be kept out of power.

FISHING IN THE NORTH  
Continued from page two.

The company does not intend to fish out the lake. It would be ruining their own business if they did. In a year or two hatcheries will be established at the lake for the replenishing of the fish supply. In this way the lake will be kept well supplied with the choicest lines of fish. The company do not expect to reap any profit this year or in fact for several years, for they are going to a great expense to develop this industry. Freight sheds will be erected at Lesser Slave Lake, Athabasca Landing and Edmonton. This year's operations are commencing somewhat late, and naturally the take this year will be less than it otherwise would be.

For the first year or so there will probably be no attempt made to fish Lake Athabasca, although Mr. Butterfield expects to go to that lake next summer to make a thorough test of it. Many people think that there will be no profit in thus shipping fish for such an enormous distance by teams, and rail, but the company believe that they can operate to advantage. The development of the northern fisheries will mean a great deal for Edmonton.

The company's operations will at first be confined to that part of the lake which is situated between the Narrows and the east end. Winter fishing on a large scale is an industry that is unfamiliar to a great

proportion of the people. While the ice is just thick enough to support a man's weight the fishermen cut holes and sink lines through these holes, situated several rods apart. The lines are sunk so that they will not freeze into the ice as it forms. These lines are sunk all over the lakes, and holes are kept open at the ends of the lines. When the fishing starts nets are attached to the ends of these lines of which ten miles have been ordered for this season's work, and in this way are drawn in through the holes and set. In the morning the nets are drawn out and other nets put in. The fish are then quickly removed from the nets and laid out on the ice. Just before they are frozen rigid they are packed in boxes, of which about six thousand will be required this year, and a sufficient quantity having been secured they are taken by teams to Athabasca Landing thence to Edmonton, and then shipped by refrigerator cars to the markets of Canada and the United States.

The fish in Lesser Slave Lake are particularly choice and will command a good price. The whitefish will average upwards of four pounds. The trout are an exceptional variety. They weigh from fifteen to sixty pounds and are similar in many respects to the Great Lakes trout. Their average weight is about twenty-four pounds. In winter fishing very seldom any attempt is made to clear the fish. They are shipped whole, and being frozen practically from their removal from the water, keep perfectly. Sometimes trout are cleaned, but the round fish will command a better price than the cleaned.

The company intend developing the northern fishing industry very extensively, which will be very beneficial to this part of the district.

## THE CONFEDERATE SPY

A crowded house greeted the presentation of the great military drama "The Confederate Spy" last night in Robertson's hall. The work of strictly local talent, the play was a success throughout, and was greeted with every mark of appreciation by the large audience. The leading parts were taken by Messrs. A. E. Hopkins and Percy C. Kidston, Mr. Hopkins as the spy. The part of heroine, sister of the spy, was taken most acceptably by Miss Eva Protheroe, Miss Grant and Miss Campbell in their respective characters of an Irish girl and the mother of the hero, filled their parts to the life. Mr. Williams as drafted Dutch soldier in the union army was exceptionally good, and Guy Watkins as the gentleman of color acted the part to the life. W. J. Holloway as a union general, E. Ellwood as a rebel aid-de-camp and Percy Olds as an Irish policeman, were all that could be desired. The performers are all to be congratulated on the success of the presentation, and especially Messrs. Hopkins and Kidston, upon whom fell the chief burden of getting up the play. The tableaux were especially good, the soldier's dream being very effective. Clark's orchestra furnished the music, and it is needless to say satisfied the most critical. The performance will be repeated this evening and should have another full house.

## BECAUSE PROPERLY CURED

Y Pharaohs have been called a "Health cigar" and this is why: Every leaf of tobacco I work into Pharaoh is absolutely free of "gum."

You must know that a "gummy" tobacco will make a poor smoke and act injuriously on the throat and stomach. The gum, dissolved by the heat of combustion, is drawn into the mouth—becomes mixed with the saliva and finally reaches the stomach.

The membrane that lines your throat and stomach is pretty tough—but it won't stand the harsh, irritating action of this dissolved gum.

You'll have sore throat if you smoke the "gum" cigar—you'll have heartburn, indigestion, and a disagreeable taste in your mouth from an injured stomach.

With every particle of gum properly "sweated," cured and aged out of the leaf I use as filler for my Pharaoh, I can guarantee you a pure, cool, sweet, fragrant smoke—free from disagreeable tastes and injurious actions on the inner man.

Inland Revenue returns for Winnipeg  
Manitoba wheat marketed yesterday

## Bulletin Special Dispatch.

Winnipeg, October 5.—Levi Hussey was appointed chief of the Portage La Prairie police last night.

Winnipeg's inland revenue returns for September were \$86,253.

The rear wall of the new Dominion Theatre, Portage avenue, has fallen in during construction.

Rival hockey teams in Manitoba amalgamated last night and now money reigns.

On Saturday 38,000 bushels of wheat were marketed at C.P.R. points.

There will be an informal meeting of the House of Bishops, owing to many of the bishops being in the city on their way to attend the Board of Missions next week in Montreal.

## WHITE WHALE LAKE

The people of our reserve and neighborhood were surprised and delighted to see a real live Jap in the person of Rev. Koro Kaburagi, M. A., B. Sc., of Vancouver, B. C., who accompanied Rev. Dr. McDougall in his recent visit to the reserve here on Sabbath last. Truly, he is physically only "a half-man," as the Russians say; but as he quaintly remarked when a six footer is bent on swallowing a pin, he knows where it hurts him. Seldom have we met one more thoroughly alive, alert, keen, and observant. If he is a fair sample of his nation, it ceases to be a surprise to us that Russia has fared so hardly in the war. His address to the Indians was inspiring and uplifting, very pointed and practical. His command of English is fairly good. He says his people in British Columbia are treated as menials and he is advising them to come to the Northwest, take up land and become full Canadian settlers and citizens.

We were pleased to see Mr. Shields of the Canadian Northern freight department, Edmonton, and his nephew on their recent visit to the Lake. Come again.

## MISSIONARY LECTURE

The following is a course of lectures to be delivered at the McDougall Methodist church under the auspices of the Women's Missionary Society on the first Thursday of each month:

Rev. G. W. Kerby, B. A., "The March of the Twentieth Century," October 6.

Rev. C. G. Cornell, "China," November 3.

Rev. C. H. Huestis, B. A., "Christianity and other Religion," December 1.

H. R. Smith, M. D., "Medical Missions," January 5.

Rev. D. G. McQueen, February 2.

A. J. Cushing, B. A., "The Testimony of Travellers to Christian Missions," March 6.

Rev. J. H. Riddell, B. A., B. D., "The Consecrated Cabbler," April 6.

## TELEPHONE LINES

W. McKay leaves to-morrow for Morinville, to make arrangements for a telephone line from Morinville to Legal. Returning he will go to Spruce Grove to make similar arrangements for a telephone line from Spruce Grove to Stony Plain. These lines will be a great convenience to the farming communities through which they pass. In this way legal and Stony Plain will have telephone connection with Edmonton.

## G T P CONSTRUCTION

London, Sept. 29.—The half yearly meeting of the shareholders of the Grand Trunk held to day was largely attended. Sir Charles Rivers-Wilson, president of the company, was chairman of the meeting.

The annual report for the first half year was submitted for the consideration of the shareholders. Two important facts were given publicity in the report. The first is the price given by the Grand Trunk for the Canada Atlantic railway which it has acquired. The consideration to be given by the Grand Trunk company is a guarantee of the principal and interest of total mortgage of \$10,000,000 four per cent. fifty year gold bonds of which a portion will be reserved for future capital expenditure. The second is in relation to the Grand Trunk Pacific project. The statement was made that the act of the Dominion parliament ratifying the supplementary agreement between the government and the Grand Trunk Pacific railway company was approved by the proprietors on March 8 last and received the royal assent on July 18. Considerable progress, it is stated, has been made with the surveys of the proposed route on the railway; and announcement is made that it is intended to commence the work of construction in the spring of next year.

Referring to the Grand Trunk Pacific proposition, Sir Charles Rivers-Wilson said that Mr. Borden's position was a great surprise, as other Conservative leaders were opposed to a system of government roads. Mr. Borden had made a threat to expel the Grand Trunk Pacific. Possibly this could be done legally, but though technically this might not be equivalent to breaking a contract, such a declaration would not tend to uphold the dignity of the government of Canada.

## WINNIPEG MARKETS

## Commercial:—

OATS.—Receipts continue on the light side. Added to that, much old stock in store here has gone bad. The market is 1c to 2c firmer for old grain, while new oats, No. 2, are quoted at 35c to 37c. We quote: No. 2 white, old, on track, Winnipeg, 40c to 41c; No. 3, white, 38c to 39c; new, No. 2, 35c to 37c.

BARLEY.—The new crop is beginning to arrive, opening quotations being 37c for No. 3 and 34c for feed on track, Winnipeg.

WHEAT.—Manitoba wheat has been moderately active during the week, but trade is restricted owing to the delay in the movement, and the great variety and uncertainty of the grading of cars shipped from country points. The unsettled and backward weather of the past four weeks is resulting in wheat being threshed before it is in condition, so that a large proportion of the cars are inspecting tough and where a little smut is in the wheat it results in "rejected" when threshed in damp weather. However the weather on the whole has been better during the week than previously and the movement is increasing and it has the effect of depressing the market so that on the week prices are 1c to 1½c lower. At the close of business today prices are: 1 northern, 100½c; 2 northern, 97½c; 3 northern, 92½c; No. 4 wheat, 83c; feed wheat, 60½c; No. 2 feed, 51c, spot or delivery within 45 days. On the option market October closed \$1.00½; December, 97½c; and May \$1.02½. Prices are all for in store Fort William and Port Arthur.

**E.W. GILLETT COMPANY LIMITED  
TORONTO, ONT.**

The Canadian Northwest  
Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

**ENTRY.**—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

**HOMESTEAD DUTIES.**—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clause 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

**Information.**—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral lava, as well as respecting Dominion Lands in the Railway Belt in British Columbia may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

**JAMES A. SMART,**

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

That Question  
of Value.

Fit-Reform emphasizes  
the question of value. It sells  
to men who know quality.  
It's worn by men who recog-  
nize the value they get in it.

We want you to see Fit-  
Reform Suits and Overcoats.  
Study them. They are wor-  
thy of critical inspection, even  
if you are not ready to buy.

**Fit-Reform**  
J. H. Morris & Co., Edmonton.

Crafts, Agatha Fitzpatrick, Lillian McCausland, Cecilia Moller, Alina Berg, Gordon Haskell, Lexli Morrow, Hannah Shervin.

### Calgary Debentures

Herald:

It is one of the encouraging signs of the increasing prosperity that eastern investors are quarrelling over Calgary debentures. Just at present there is an active demand for western securities, and especially those of Calgary. Just at present five per cent debentures of this municipality are commanding par, and being held for higher prices.

This inquiry for municipal securities is one of the tributes to the West which is the natural product of the splendid crop yield, the export of live stock and the general industrial development.

### It Nourishes Infants.

No other baby food is as nourishing, wholesome or so universally used. It is a perfect substitute for mother's milk.

## Fall Millinery Opening

This event will be signalized this season with a display of unusual attractiveness. The patterns shown present a harmony of color, combination and a perfection of style that will appeal most strongly to every lover of the beautiful. No trouble has been spared on our part in procuring the most fashionable goods, from the world's greatest fashion centre, and as we have been successful in retaining the services of Miss Elmer, a most skilled and practical milliner, we feel confident that we are putting before our lady patrons as fine an assortment of high-grade Millinery as can be seen in Edmonton.

## LOCAL

—Train on time, —  
—Frank Oliver, M.P. will address a public meeting in Fort Saskatchewan to-morrow evening, October 6.

—The Ladies Public Hospital Aid Society have announced the net proceeds of the recent hospital ball to be \$410.00.

—Rev. Mr. Kerby, of the Calgary Methodist church, will lecture in College avenue church, Edmonton, to-morrow evening.

—The regular meeting of the city council, which was to have been held yesterday evening, failed to materialize for want of a quorum.

—The Confederate Spy, which scored such a great success in Robertson's Hall last evening, will be reproduced in the same place this evening.

—Mrs. M. T. Montgomery and Mrs. H. C. McDonald are having their fall millinery openings to-day and to-morrow. A splendid assortment of new hats are shown and the shops are crowded with women.

—A public meeting to be addressed by Frank Oliver, M.P., will be held in Robertson's Hall Friday evening of this week. Mr. Secord or his representative is invited to be present and address the meeting. Everybody is invited.

—The semi-annual meeting of the Edmonton Curling Club will be held on this Wednesday evening at eight o'clock at the rink. All members are requested to be present as important business in connection with the club will be dealt with.

—Herald: The Calgary district manager of the Bell Telephone Company has announced the plan to establish exchanges in several towns along the north line, Lacombe and Olds, will be the first places where these facilities will be arranged. Then the system will be extended to other places. There are toll stations now, but when the exchange is opened a Calgary merchant may talk direct with any member of the exchange at his place of business.

—Liberals and supporters of Frank Oliver, M.P., crowded the spacious Liberal committee rooms over the Great West Saddlery last night. There were upwards of three hundred electors present, this large turn-

DAY AND NIGHT

out at an organization meeting being a strong testimonial to the unanimity which prevails among the Liberals of Edmonton. The utmost enthusiasm prevailed. Speeches were delivered by F. Oliver, M.P., C. W. Cross, Dr. Clendenan, Jno. McLellan, W. J. Webster, J. R. Boyle and others.

## PERSONAL

E. A. Frowde, of Peterborough, Ont., arrived in the city last night to take a position in the Bulletin office.

H. H. Halliday, formerly of Halliday and Halliday, Edmonton, but now of the International Harvester Company, with headquarters at Calgary, arrived in the city yesterday evening.

## The Progress of the West and the G. T. P.

Free Press:

Rudolph Bach, journalist of Montreal Canadian correspondent for the New York State Zeitung and leading German papers on the continent arrived in the city last night from the West. He spoke of his trip through the German colonies and of the great progress and advancement made by them. "I left Winnipeg late in July," said Mr. Bach, "and from Winnipeg went through to the coast. Business was very bright. Going back to Edmonton I found that the town was now on the eve of a very large development."

"I am not interested in any Canadian politics, but I will make a point to learn from farmers regarding this new railway and can only repeat what I said in my last year's Free Press report, that the overwhelming majority of these people are solid for the project, and all hope that the building of the new line and its branches will be rushed in as fast as possible. A very agreeable experience is the fact that the arrangement for passenger traffic has improved by leaps and bounds as compared with the state of affairs a few years ago. I am returning home to-night to Montreal and through the German papers I represent will again demonstrate to the German public the state of things which now reign all through the North-West, and which I trust will improve year by year.

THE PUBLIC ARE WARNED AGAINST IRRESPONSIBLE PERSONS REPRESENTING THEMSELVES AS BEING ENUMERATORS. THE ONLY AUTHENTIC ENUMERATORS WILL HAVE THEIR AUTHORITY WITH THEM FROM THE RETURNING OFFICER OF THE RIDING.
